DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by U.S. Patent No. 1,194,440 to Swortfiguer.

Regarding claim 3, the sections between the fold lines 7 of Swortfiguer are inherently capable of receiving a label and therefore meet the recitation "the flap defines a label section between the second and third fold lines therein".

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
